Olut es un **sistema** de siete piezas con las que se pueden crear infinitas soluciones de mobiliario para necesidades y estilos diversos.

Olut is a **system** of seven pieces that can be used to create an infinite number of furniture solutions for different needs and styles.

La clave del sistema Olut, recae en su elegante sencillez e ingeniosa construcción que descansa sobre solo tres elementos: las estructuras de metal, los tableros y los complementos que se pueden combinar para crear una pluralidad de usos (estanterías, mesas, camas...) con una infinidad de configuraciones.

The key to the Olut system, lies in its elegant simplicity and ingenious construction resting on just three elements: the metal structures, the boards and the accessories that can be combined to create a plurality of uses (shelves, tables, beds...) with an infinity of configurations.

Olut es una marca de **Arlex**. **ARLEX** diseña y produce soluciones de mobiliario que responden a distintas necesidades.

OLUT ES UN SISTEMA PENSADO PARA USO RESIDENCIAL
Y PARA PROYECTOS CONTRACT.

Olut is an Arlex brand.
**Arlex designs and produces furniture
solutions that respond to different needs.**

Olut is a system designed for residential
use and for contract projects

ARMARIOS, VESTIDORES
CLOSETS, DRESSING ROOMS

• VETIDORES •

- DRESSING ROOMS -

La principal ventaja de los vestidores abiertos es el ahorro del espacio, ya que, de esta forma, con la eliminación de las puertas, no se restan metros cuadrados a la estancia. Además, no contar con puertas también aporta una gran sensación de amplitud a la habitación.

The main advantage of open-plan dressing rooms is that they save space, as the elimination of doors increase the usable space of the room. In addition, the absence of doors also gives the room a feeling of spaciousness.

• VETIDORES •

- DRESSING ROOMS -

Un recibidor de casa es un pequeño espacio que puede ser muy funcional además de aportar carácter a la vivienda. Una estantería a medida configurada según el espacio y las necesidades de cada usuario. Estanterías, baldas, perchas, armarios, cajones, cestas... serán tus grandes aliados para conseguir recibidores funcionales.

The hallway in the home is a small space that can be very functional as well as adding character to the home. A made-to-measure shelving unit configured according to the space and the needs of each user. Shelving, shelves, hangers, cupboards, drawers, baskets... will be your greatest allies to achieve functional hallways.

QUE POTENCIAN SU **VERSATILIDAD.**

**Olut, a system constantly evolving.
Discover more options and details.**

Olut is a system with multiple elements that
enhance its versatility

• MESA DE ESTUDIO CON MÓDULO • - STUDY TABLE WITH UNIT -

Es posible configurar la mesa de estudio con el módulo de dos cajones + hueco y la pata one, combinando materiales y a medida

It is possible to configure the study table with the two-drawer + open unit and the leg one, combining materials and made to measure.

• MESA DE ESTUDIO CON MÓDULO • - STUDY TABLE WITH UNIT -

Otro ejemplo de mesa de estudio con pieza one y con módulo colgante bajo el sobre además de estantería six mini en pared.

Another example of a study table with leg one and a hanging unit under the top. Also a six mini shelving on the wall.

• TRAVESAÑO REFUERZO • - REINFORCING CROSSBAR -

Para tableros longitudinales de gran extensión, se aplican travesaños de refuerzo por la parte inferior del estante.

For long longitudinal panels, reinforcing crossbars are applied on the underside of the shelf.

• PATA ONE PLUS • - LEG ONE PLUS -

La medida de ancho de 70cm de la pata one permite ser el soporte de mesas de gran longitud.

The 70cm width of the leg one allows it to be used as a support for longer.

• RUEDAS PARA ESTANERÍAS • - WHEELS FOR SHELVES -

Se pueden configurar estanterías con ruedas lo que las hace movibles en el espacio. Ruedas con freno. Opción de acabados en blanco y negro.

Shelves can be configured with wheels, making them movable. Wheels with brakes. Option of black and white finish.

• ILUMINACIÓN LED • - LED LIGHTING -

Se puede aplicar la iluminación led a todo el sistema Olut, bien sea a las estanterías, mesas de estudio...Es posible aplicaciones especiales: colores...

LED lighting can be applied to the whole Olut system, shelves, study tables... Special applications are possible: colours...

• ENCAJE ESTRUCTURA • - STRUCTURAL FIT -

Solución para sobres con mayor profundidad realizando encajes a columna.

Solution for tops with greater depth by making column fittings.

• MÓDULOS CON RUEDAS • - UNIT WITH WHEELS -

La diversidad de los módulos complementan las funciones del sistema Olut. Los módulos con ruedas, por ejemplo, son un elemento móvil de almacenaje.

The diversity of the units complement the functions of the Olut system. Units with wheels, for example, are a mobile storage element.

Descubre **más opciones y detalles ++**

FIND OUT MORE OPTIONS AND DETAILS.

• SIX MINI •
- SIX MINI -

La pieza six mini, estanterías colgadas a pared, viene determinada por la medida de su estructura pudiendo aplicarla de diferentes maneras y con todos los acabados Olut.

The piece six mini, wall-hung shelving, is determined by the size of its structure and can be applied in different ways and with all Olut finishes.

• SIX MINI •
- SIX MINI -

Las configuraciones de la estantería de pared pueden seguir una estética simétrica o asimétrica al aplicar las distintas estructuras según la necesidad, estética que se busque.

The configurations of the wall shelving can follow a symmetrical or asymmetrical aesthetic when applying the different structures according to the need, aesthetics sought.

• CAJÓN BAJO CAMA •
- DRAWER UNDER BED -

Cajón abatible bajo cama que aumenta la capacidad de almacenaje. En cualquiera de los acabados.

Hinged drawer under the bed to increase storage capacity. In any of the finishes.

• VITRINAS INTEGRADAS •
- INTEGRATED DISPLAY CABINETS -

Las estanterías Olut pueden integrar vitrinas como si se tratara de un módulo más. Son vitrinas de 1 puerta en acabado blanco o negro.

Olut shelving can integrate display cabinets as if they were another unit. They are 1 door display cabinets in white or black finish

• MESA DE CENTRO •
- COFFEE TABLE -

La pieza seven sirve para configurar mesas de centro con distintas opciones de medidas y complementos como el cajón de tapa abatible.

The piece seven can be used to configure coffee tables with different size options and complements such as the hinged top drawer.

• MESA DE CENTRO •
- COFFEE TABLE -

Mesa seven con sobre y estante inferior como mesa de centro en cualquiera de los acabados de la gama Olut.

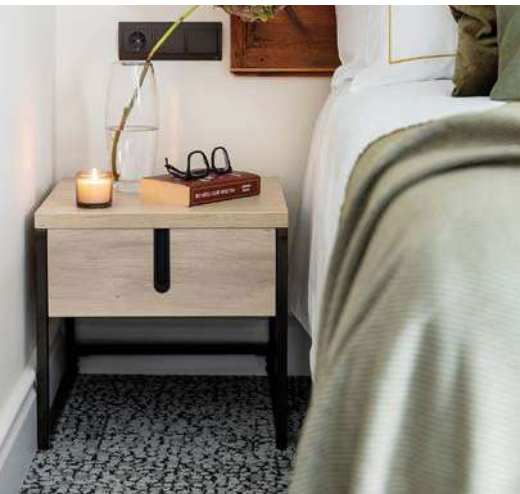

Table seven with top and lower shelf as a coffee table in any of the finishes of the Olut range.

• ESTANTERÍA RETRANQUEADA •
- RECESSED SHELVING -

Configura un mueble en el que la estantería apoya sobre módulos de mayor profundidad que ésta.

Configure a piece of furniture in which the shelving rests on units that are deeper than the shelving.

• MESITA DE NOCHE •
- BEDSIDE TABLE -

La medida pequeña de la pieza seven permite crear mesitas auxiliares que pueden funcionar como mesita de noche, de sala, etc. Es posible añadir 1 cajón.

The small size of the piece seven allows the creation of side tables that can function as bedside tables, coffee tables, etc.

FINISHES

BASIC FINISH ON LAMINATED BOARD
(Specify in the order)
(All edges ABS)

Roble city, blanco, piedra (new finish by Arlex), tortora, negro (thickness 1,2 / 2,2 / 3 cm)

PLUS FINISH ON LAMINATED BOARD
(All edges ABS)
Roble Olut (thickness 2,2 / 3 cm)

SMOOTH LACQUERED FINISHES
(Specify in the order)

Blanco, Gris claro, Gris, Marengo, Negro, Plomo, Piedra, Tortora, Moka, Mango, Gobi, Ocre, Grungrau, Mint, Musgo, Ultramar, Amaretto, Terracotta (Thickness 1,2 / 2,2 / 3 cm)
Special NCS colours (contact factory)

METALLIC STRUCTURES
(Standard sizes only, not sold separately)
White or dark finish (tube 2x2 cm)
The dark finish is tinted not painted therefore you can notice small irregularities
We will supply only the plugs that go to the wall

WOOD VENEER FINISHES
(Please specify the finish in the order)
ROBLE NUDOS. FUMÉ
(THICKNESS 1,2 / 2,2 / 3 CM)

HANDLES FOR UNITS
(Specify in the order)
INDICE. White or dark finish
NATURAL LEATHER. 4 points increment
PUSH

WHEELS FOR UNITS
(Specify in the order)
FORMULA 40. White finish, with and without brake
ARO: Black finish, no brake

FEET FOR UNITS
(Specify in the order)
REGULABLE: Black finish (adjustable)
TOPE: Black finish

UNITS WITH DRAWERS AND DOORS
Drawer front, unit and back, all 2,2 cm thick
Flush back panel
Hidden guides with brake, piston, hinges with brakes

ORDERS
All orders have to be sent by fax or email (please attach drawing) Once the confirmation is sent, no cancellations or claims are accepted.

PAYMENT CONDITIONS
Payment in advance for orders outside Spain

RETURNS
No returns are accepted 15 days after receipt of merchandise or if the piece has been unpacked or assembled
The shipping costs will be paid by the client.

PRICES
All prices in our price list are given in points. Check the value of the point with the factory

ACABADOS

ACABADOS BASE EN LAMINADO
(Indicar el acabado en el pedido)
(Todos los cantos van con abs)
Roble city, blanco, piedra (nuevo acabado by Arlex), tortora, negro. (Gruesos 1,2 / 2,2 / 3 cm)

ACABADOS PLUS EN LAMINADO
(Todos los cantos van con abs)
Roble olut (grueso 2,2 / 3 cm.)

ACABADOS EN LACA LISA
(Indicar el acabado en el pedido)
Blanco, Gris claro, Gris, Marengo, Negro, Plomo, Piedra, Tortora, Moka, Mango, Gobi, Ocre, Grungrau, Mint, Musgo, Ultramar, Amaretto, Terracotta (Gruesos 1,2 / 2,2 / 3 cm)
Colores especiales carta NCS (consultar fábrica)

ACABADOS EN CHAPA MADERA
(Indicar el acabado en el pedido)
Roble nudos. Fumé
(Gruesos 1,2 / 2,2 / 3 cm)

ESTRUCTURA METÁLICAS
(No se hacen medidas especiales y no se venden sueltas)
Acabado en blanco y dark (tubo de 2x2 cm)
El acabado dark es tintado no pintado se puede notar pequeñas irregularidades
Los tapones se servirán sólo los que van a pared

TIRADORES PARA MÓDULOS
(Indicar el modelo en el pedido)
INDICE. Acabado en blanco y negro
PIEL Acabado natural y negro. Incremento 4 ptos
PUSH

RUEDAS PARA MÓDULOS
(Indicar el modelo en el pedido)
FÓRMULA 40. Acabado en blanco, con freno y sin freno
ARO. Acabado en negro, sin freno

PATAS PARA MÓDULOS
(Indicar el modelo en el pedido)
REGULABLE. Acabado en negro
TOPE. Acabado en negro

MÓDULOS DE CAJONES Y PUERTAS
Los gruesos de los frontales, caja y trasera son de 2,2 cm (La trasera va enrrasada por detrás)
Guías ocultas con freno, compases multiposición, bisagras con freno

PEDIDOS
Todos los pedidos para considerarlos en firme se tienen que pasar email (Adjuntar croquis).
Una vez recibida nuestra confirmación de pedido no se admiten cambios o anulaciones de pedido.

FORMA DE PAGO
Giro bancario a 30 días.
Portes debidos para pedidos inferiores a 600 € P.V.P.

DEVOLUCIONES
No se admiten devoluciones 15 días después de la recepción de la mercancía o si la pieza ha sido desembalada o montada.
Los portes de la devolución irán a cargo del cliente.

PRECIOS
Las anotaciones de los precios en la tarifa son puntos.

- PRECIO POR PUNTO -

ES NECESARIO ADJUNTAR UN CROQUIS EN PEDIDO

• NOTAS IMPORTANTES PARA EL DISEÑO DE LA ESTANTERIA SIX •

- IMPORTANT NOTES TO DESIGN THE SIX SHELF -

ESTANTERÍAS SIN TRASERAS | SHELVING WITHOUT BACK PANELS

Las estanterías que van sin trasera tienen que ir fijadas a la pared.
Shelving with no back panels have to be fixed to the wall.

SUJECCIÓN A LA PARED | FIXING TO THE WALL

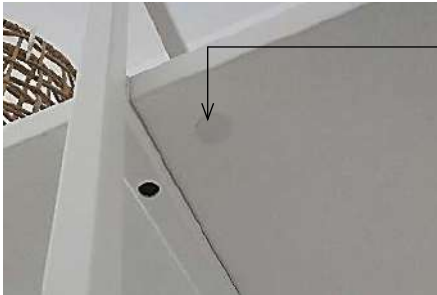

La columna va sujeta a pared en dos puntos. Sólo se colocan tapones para tapar dos agujeros. Los agujeros para sujetar los estantes van vistos.
The column is attached to the wall at two points. Plugs are provided to cover two holes. The holes to hold the shelves are shown.

ESTANTERÍAS A 2 CARAS | TWO-SIDED SHELVING

Las estanterías six a dos caras utilizandolas de separador siempre tienen que ser de fondo 46,4 y llevar las traseras suficientes para su estabilidad.
When the Six two-sided shelving is used as a divider, the shelving depth must be always 46,4, and have enough back panels for stability.

La distancia máxima aconsejada entre columna y columna cuando no lleva trasera ni travesaño de refuerzo es de 100 cm.
The maximum recommended distance between column to column when there is no back panel or reinforcement crossbar is 100 cm.

MECANIZACIÓN ENTRE ESTANTES | MACHINING BETWEEN SHELVES

La mecanización al unir dos estantes es con excéntrica doble y tiene que coincidir con la columna, un estante monta en su totalidad 2 cm. y el otro se mecaniza a este.
The mechanization when joining two shelves is with a double cam and has to coincide with the column, one shelf is entirely supported on the top of the column (2 cm) and the other is attached to this shelf.

ESTANTE INFERIOR | LOWER SHELF

El estante inferior no va mecanizado, lleva cinta a dos caras para la sujeción.
The lower shelf is not machined; it is fixed by two-sided tape.

NIVELADOR | LEVEL ADJUSTER

Todas las columnas llevan nivelador de 1,6 cm. regulable a 3 cm.
All columns have a 1.6 cm to 3 cm adjustment.

• NOTAS IMPORTANTES PARA EL DISEÑO DE LA ESTANTERIA SIX •

- IMPORTANT NOTES TO DESIGN THE SIX SHELF -

TRASERAS | BACK PANELS

Las traseras van mecanizadas a los estantes por la parte posterior cuando no van vistas y escentricas cuando van vistas.
The backs panels are fixed to the shelves by the back when they are not seen and with cams when viewed.

Las traseras tienen que ir de estante a estante. Si se piden de estante a suelo, se tienen que mecanizar a la columna.
The back panels have to go from shelf to shelf. If they go from shelf to floor, they have to be machined to the column.

MECANIZACIÓN COLUMNAS | MACHINING COLUMNS

La mecanización especial o corte de las columnas tendrá un incremento de 30 puntos por unidad.
Special machining or cutting of the columns will have an increase of 30 points per unit.

PATAS REGULABLES | ADJUSTABLE FEET

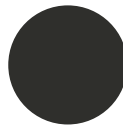

Se tienen que colocar patas regulables U-610 en los estantes de columna a suelo con módulos encima si la distancia entre columnas es superior a 100cm.
Bottom shelves with modules on top will need adjustable feet U-610 if the distance between columns is more than 100cm.

• ESPECIFICACIONES • SPECIFICATIONS •

ACABADO DARK | DARK FINISH

El acabado dark es tintado y se pueden ver las soldaduras y zonas más oscuras o más claras.
The dark finish is tinted and you can see the welds and darker or lighter areas.

ROBLE OLUT | ROBLE OLUT

El acabado roble olut en grosor de 1.2 cm. no existe, por lo tanto no se podrá utilizar en estantes para caballetes ni en traseras de las estanterías metálicas a pared. Para las traseras de la estantería six se utilizará el grosor de 2,2 cm.
The roble olut finish in thickness of 1.2cm does not exist, therefore it can not to be used on shelves for trestle or at the back of the metal wall shelves. For the back panels of the six shelving, the thickness of 2.2 cm will be used.
